History of volunteering with EMA since 2017, elected as the President in 2021.

# EMA is an association for students and alumni of Erasmus Mundus Master and Doctoral programmes.

Erasmus Mundus joint Master level study programmes are carried out by consortia of European universities. EMJM(D)s give the students a chance to study in at least two countries, and thus offer multiple or joint Master degrees at the end of successful completion of the programme.

EMA was founded in 2006, with support from the European Commission, and is registered as an AISBL non-profit organisation. We have 12,000 members and reach a network much larger than that!

**EMA's vision** is to become a global network of distinguished, connected, and active members of the greater Erasmus Mundus community. **EMA's mission** is to foster academic excellence, professional development, and multicultural exchange of Erasmus Mundus students and alumni globally.

**How do we accomplish all of these things? Through our volunteers! EMA is a entirely volunteer-run organisation.**
