## Erasmus Charter for Higher Education

### About the Charter

The Erasmus Charter for Higher Education (ECHE) provides the general quality framework for European and international cooperation activities a higher education institution may carry out within Erasmus+.

The award of an ECHE is a pre-requisite for all higher education institutions located in a programme country and willing to participate in learning mobility of individuals and/or cooperation for innovation and good practices under Erasmus+.

For higher education institutions located in Partner countries, the ECHE is not required and the quality framework will be established through inter-institutional agreements between higher education institutions.

### How is ECHE awarded?

A call for proposals for the award of an ECHE is held on yearly basis.

You can download the latest list of higher education institutions holding an ECHE.

The ECHE is awarded for the full duration of the Erasmus+ programme up to 2027, with an extended validity date for those projects that start in the final year of the Programme, and may last up to three years (e.g. up to 2030).
