# EYT2023 | Before you begin...

## Shape your idea & your partnership

- Is your project idea creating **genuine opportunities for and with young people across Europe**?
- Do you understand the key features of the call, its policy context and what has been funded previously? Is your idea truly relevant to the call? Why **is it worth EU funding**?
- Is the idea **shared** by your partnership? Why do you think you are the **right partnership** to answer these challenges?
- How will it be **put into practice**? Do you have sufficient resources & expertise in setting up a project in line with standard project management methodologies (e.g. see EC's open source [PM<sup>2</sup> project management methodology guide](#))?
- Can you craft a **solid proposal** jointly with your partners answering well the **call award criteria**?

## Understand the application process & Manage time wisely

- Identify & locate **key information** on the **FTOP call page** & Erasmus+ Programme Guide
- Take the time to understand the different **steps of submission**, how the **application form** and **annexes** are constructed – read them more than once
- Register in the **Participant Portal**
- It is a **time-intensive process** and will require dedicated staff time
- Allow **time for drafting and reviewing** the texts
- **Don't wait until the last minute** of the last day before submitting the application!

# EYT2023 | Elements of a strong project proposal

## Coherent, explicit

- It **makes sense in its entirety**: keep a **structure** to maintain your train of thoughts to ensure **consistency & logical flow** from one section to another
- Showcases **joint effort and ownership**, checked & verified by all partners before the coordinator submits the proposal on behalf of the consortium
- Do not take anything for granted: if it is not **stated in the application** it cannot be taken into account

## Simple, focussed

- Keep it **legible**: better a few **well-chosen words** than long/vague explanations
- Keep your **language simple**, avoid jargon and abbreviations or else explain them

## Concrete, evidence-based, targeted

- Identify the **need** for such a proposal: it is not about solving the world's problems, but about **solving a specific issue of EU added value**
- Specify the **problems, solutions, tangible outcomes & target groups**
- Ex-ante **needs analysis, state of the art**
- Use examples, **justify your statements**, bring proofs

## Rigorous, skilled

- **Quality level of the application is the basis** on which your project will be implemented & the **cornerstone of your partnership commitment**
- Realistic **planning & budget aligned with activities** (which activities, when, for how long, and with what resources)
- Puts forward **skilled project management & partnership mix** based on strong cooperation mechanisms

# EYT2023 | General Call Objectives

- Targeting **NGOs** (not for profit) and **public bodies to mobilise young people in partnerships across borders** involving both youth organisations **at grass root level & larger organisations**
- Supporting **networks enabling young people across Europe to set up joint projects**, organise exchanges and promote trainings  
e.g. around the European Green New Deal, the New European Bauhaus initiative, the ‘Conference for the Future of Europe’, and the European Parliament elections in 2024
- Contributing to and promoting **EU Youth Policy**  
e.g. EU Youth Strategy 2019-2027, EU Youth Goals, EU Youth Dialogue
- Contributing to the **recovery of the youth sector from the COVID-19 crisis**  
e.g. considering ways of forging solidarity and inclusiveness in youth networks, consider challenges related to digital skills and green lifestyles

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

# EYT2023 | Specific Call Objectives (1/2)

- Support **partnerships** to reinforce the European dimension of youth organisations, focusing on solidarity and inclusive democratic participation in line with the **EU Youth Strategy**, the **EU Youth Goals** and the **Youth Dialogue**
- Support implementation of **EU Frameworks and initiatives** e.g. country specific recommendations from the **European Semester**
- Encourage **young people to participate in the democratic process and in society**, showcasing commonalities among young Europeans and encouraging debate on their connection to the EU, its values and democratic foundations e.g. events as a **lead-up to the 2024 elections to the European Parliament**

# EYT2023 | Specific Call Objectives (2/2)

- Support the participation of under-represented groups of young people in politics, youth organisations and other civil society organisations by engaging vulnerable and socio-economic disadvantaged youth

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

# EYT2023 | Expected Contribution to EU Youth Policy

- Improving the capacity of the youth sector active at grassroots level to work transnationally, promoting transnational learning and cooperation between young people and decision makers
- Upscaling existing best practices and outreach beyond the regular network(s)
- Promoting results in an effective and attractive way among young people involved in youth organisations, and also among youngsters who are not affiliated to youth structures or those with fewer opportunities

# EYT2023 | Relevance (30 points)

- ✓ **Purpose and EU added value:** project supports policies at EU level relevant for youth, proposal has EU-added value at systemic level, generated through trans-nationality and potential transferability
- ✓ **Objectives:** the proposal objectives are SMART and are relevant to the general objectives of the action and at least one of its specific objectives
- ✓ **Needs:** the proposal demonstrates that it is based on a thorough needs assessment linked to the concrete realities of applicants, partners and target groups
- ✓ **Youth engagement:** active engagement with a diverse youth population is assured from the design phase onwards

# Needs analysis

“the proposal demonstrates that it is based on a thorough needs assessment based as far as possible on **verifiable facts and figures** supported by **general and specific data** relevant to all countries and organisations in the consortium. A clear needs analysis linking to the **concrete realities of applicants, partners and target groups** is expected.”

# Needs analysis

This is not a project activity!

Already completed:

- forms part of the application
- forms the foundation of the project

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

# Needs analysis

Based on **up to date, verifiable facts and figures**: cite, give sources, evidence from own research conducted

## Evaluations 2022

“The needs analysis is confined to a **short narrative of the needs**, lacking in verifiable facts and figures.”

“The needs analysis is not based on verifiable facts and figures. This is a **major limitation.**”

“However, concrete data and documents that support these needs are not mentioned in the project, which does not help for a complete understanding of the problem (**general mentions to ‘primary research, reports and learning materials).**”

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

# Multi-level needs analysis

“...general and specific data relevant to all countries and organisations in the consortium”

## Evaluations 2022

“The needs assessment shows a good grasp of the general and specific conditions that affect European youth. There is, however, **less specificity with regards to country-based data, and data pertaining to the organisations involved in the consortium.**”

## Reflections from the experts:

“lots of figures and data from Eurostat etc. but not focused on target groups”

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

## Evaluations 2022

“The needs analysis draws on **facts and figures from relevant reports from Eurofound, the Council of Europe, and the OECD** examining youth concerns and priorities, particularly in the wake of the Covid pandemic, with findings about increasing feelings of exclusion, and voicelessness. This is **supported by a local survey** (5396 respondents) carried out by the applicant, identifying the **specific concerns, priorities, and perceptions of local young people.**”

# Needs ANALYSIS, not Needs Description

## Critical engagement with the data

- Why are there gaps in the data?
- What has been done thus far/is being done to address these problems?
- Has 'X' policy worked?
- Why do these problems persist?

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

## Evaluations 2022

“The needs of young people with mental disabilities are clearly articulated and very well justified in the **well-argued needs analysis**, demonstrating **the consortium's understanding of the situation**, the **gaps in evidence**, and highlighting the specific needs of youth with mental disabilities. **Problems** of the target groups (lack of/denied access to participate in the democratic process and civic life) in the partner countries **are appropriately justified.**”

# The Voice Action

*Making young offenders voices heard*

Young people deprived of their liberty, youth from disadvantaged backgrounds

# EYT2023 | Quality of the project design and implementation (30 points)

- ✓ **Planning:** The proposal is clear, complete and of high quality and includes appropriate phases for preparation, implementation, monitoring, and evaluation of the project based on robust project management methodologies.
- ✓ **Methodology:** The implementation is based on suitable methodologies; the objectives are consistent with the activities and are clearly outlined, with logical links between the identified problems, needs and solutions; the work plan is coherent and concrete; there are suitable quality control measures and indicators to ensure that the project will be duly implemented with the required quality, in scope, in time and within budget; there are concrete and suitable risk management and contingency plans.
- ✓ **Cost effectiveness:** the proposed budget is coherent, detailed enough, suited for the implementation of the project and designed to ensure the best value for money. The resources assigned to work packages are in line with their objectives and deliverables. The budget caters to the needs of grassroots organisations and vulnerable young people in order to encourage their inclusion in the Erasmus+ programme

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

# Methodology

**“Methodology:** The implementation is based on suitable methodologies; the objectives are consistent with the activities and are clearly outlined, with **logical links between the identified problems, needs and solutions”**

# Explain

What methodology is being used and why?

- Why is it suitable for achieving the project objectives?
- Why is it suitable for youth work or the specific target group?

How is the methodology applied in the activities?

# Needs analysis as the foundation

## Evaluations 2022

“The quality and effectiveness of the project’s conceptual and methodological approaches for the proposed activities are not sufficiently specified. **With the underdeveloped needs assessment, the logical links between the identified problems and the proposed solutions are not based on sound evidence.**”

# The link between needs, objectives and activities may be clear to you, but not to the experts...

“Less clearly explained in section "2.1.1 Concept and methodology" is the component 2 “research and analysis”. Especially, **it is not clear why a research component is needed after the needs assessment, and how and to what extent it is different from it.**”

“**It is unclear how producing a cookbook** with only a limited number of recipes **will promote inclusion and active participation**. The proposal thus **fails to demonstrate a clear connection** between what the young people learn during the cooking workshops and how this will empower them in life.”

“For example, for “Identification and raising awareness of mobile EU youth participation in local social and democratic life”, **the proposal does not explain clearly enough how the activities** Tasks 1.3 “Study Visit in Greece” and 1.4. “Youth Exchange in Romania” **are conducive to the fulfilment of the aims of this work package.**”

## Evaluations 2022

“The proposal follows a clear, logical path in building up the intervention. It is based on the principles of **connecting, engaging, and empowering** the beneficiaries, through means of action research and the creation of opportunities for a meaningful dialogue with relevant, national and EU level policy stakeholders. However, **the links between the intervention at the local level and the desired EU level are not shaped in an equally convincing manner**”

**Remember: Multi-level system change!**

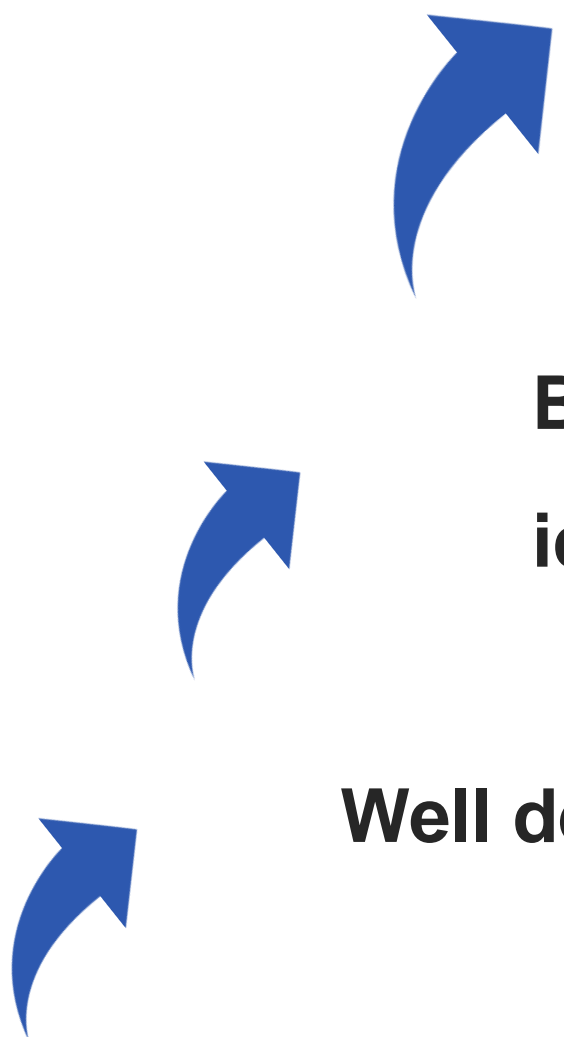

**Justify your intervention: Explain**

**how the activities will meet  
the objectives**

**Build objectives on the basis of  
identified needs**

**Well developed needs analysis**

**Clear target group**

# BUILDING YOUNG WOMEN'S LEADERSHIP AT WORK AND AS CITIZENS:

## Aim:

- promoted active citizenship among disadvantaged women

## Activities:

- leadership workshops, volunteering, Youth and Youth worker exchanges

## Policy Recommendations

- 2 reports, 3 toolkits and 8 short videos to influence policy and youth work practice on the intersectionality of gender, work and citizenship

# Cost-effectiveness

“The cost-effectiveness criterion is meant to evaluate the **match between budget resources** to be deployed for the action and **objectives or/and impact** to be achieved”.

# What is meant by "cost-effectiveness" exactly?

- ✓ Value for money
- ✓ Allocation between the partners secured
- ✓ Coherence of the budget in relation to the deliverables and objectives
- ✓ Justifications in case of high budget, especially staff costs (countries have a different salary scale)
- ✓ Management and coordination costs proportionate to the number of partners to coordinate, size and geographical coverage of the project

# What is meant by "cost-effectiveness" exactly?

- ✓ Budget meeting the needs of the beneficiary and enhance inclusion in the ERASMUS + programme
- ✓ Proposed budget is proportional to the project outputs, expected results and with the proposed action
- ✓ Justifications must be provided especially for subcontracting
- ✓ Budget must be detailed, clear and justified

## Evaluations 2022

"While the budget is coherent, it **offers little engagement with grassroots organisations or vulnerable young people**, as distinct from young people at university. The cost-effectiveness of the planned budget costs is not proven. There is a **heavy distribution of the budget in favour of one of the consortium** partners, dealing with the majority of the planned activities which makes **the budget rather unbalanced.**"

## Evaluations 2022

“The budget is **well-balanced** among partners and WP (even the costs for WP 1 -management and coordination). Even though the partnership in the consortium is smaller in size in comparison with similar projects, the **budget agrees well the size and scope** of the proposed activities and the intervention is a cost-effective one. The budget **adequately covers the needs of grassroots organisations** (whose capacity it aims to increase) as well as those of vulnerable young people from rural areas that will benefit from a meaningful inclusion in the ERASMUS + Programme.”

European  
Commission

Education, Audiovisual and Culture  
Executive Agency

# EYT2023 | Quality of the partnership and the cooperation arrangements (20 points)

- ✓ **Configuration:** an appropriate mix of complementary organisations with the necessary skills, experience, and management support to achieve the project objectives
- ✓ **Geographic composition:** balanced (i. e. coverage of East, West, North and South areas across Europe) so as to ensure a truly pan-European cooperation
- ✓ **Local NGOs development:** the partnership has the ability to develop the capacities and knowledge of local NGOs not well established at European level
- ✓ **Commitment & tasks:** the distribution of responsibilities and tasks in the partnership is clear and appropriate
- ✓ **Cooperation arrangements:** plans for effective coordination, decision-making, communication and conflict resolution
- ✓ **Youth engagement:** active, empowering roles for youth and/or concrete strategies to ensure their diverse participation at all stages

# BRAVE NEW YOU

## Aim:

- Build capacities and trust among different youth communities –both at local and international level – to create a more inclusive and open-minded Europe.

## Partnership

- A mix of experienced ENGOs and grassroots organisations

## Brave New You

# EYT2023 | Impact (20 points)

- ✓ **Impact:** particular focus on upscaling the grassroots organisations' activities. Results communicate EU values particularly in regard to citizenship
- ✓ **Dissemination:** a sound plan for the communication and dissemination of results which includes appropriate targets, activities, tools and channels to ensure that the results and benefits will be spread effectively to policy makers
- ✓ **Sustainability:** outcomes of the project can contribute to changes at system level in the youth sector both within the project lifetime and beyond

# Dissemination

Dissemination plan **must already be elaborated** at application stage

- Identify dissemination tools and methodologies
  - Outline at which stages these will be deployed
    - Provide **justification** for their use/timeline

## From the experts 2021

“in the majority of the projects applicants **fail to connect dissemination tools to the relevant project phases**”

# Sustainability

“Sustainability: the proposal clearly identifies how the outcomes of the project could **contribute to changes at system level** in the youth sector both within the project lifetime and beyond, with high potential to enable **long lasting cooperation** at EU level and/or **inspire new EU youth policies and initiatives.**”

# Sustainability

- Not merely ensuring that the project results will be sustained beyond the project lifetime

## Evaluations 2022

“The proposal does not clearly show how the project has a realistic pathway to causing a systemic change in European youth strategy. The long-term impact will principally be local. The deliverables are valid as tools for supporting replication beyond the project, but **how and why such adoption might take place at scale is not shown – i.e. because the toolkit is available for download and use does not mean that it will be used.**

# How will you instrumentalise your results?

## Evaluations 2022

“**Specific sustainability strategies for the main results** (e.g. a training manual on peer-education, a community of practice compendium) **are missing**”

“...mentions of general aspects such as ‘deepening the impact of the work done’, ‘the development of an existing network’ or ‘the findings as a steppingstone’ lack consistency and detail.” **HOW?**

“Sustainability is weak and limited to **unsupported statements of intention.**”

## Evaluations 2022

“There are convincing explanations provided in the proposal about the potential to contribute to **lasting changes** that may be achieved at a systemic level in the youth sector, also through ensuring **financial support and continuity of initiated linkages with stakeholders**. The last task under the dedicated Work Package is devoted to exploitation and contains a description of well-targeted efforts to **identify sponsoring opportunities** for the e-magazine and other sources of funding for carrying out all the activities.”

# Where to address this?

## 3.3 Sustainability and continuation
