**Budget: 20 000 000**

- 40% for the 1st cut-off date
- 60% for the 2nd cut-off date
Call 2024: Changes in the Call text

• Further clarification financing commitments

• Removal of requirement for the coordinator to be the delegate producer to allow the independent European co-production partner to have the majority rights. BUT:
  • Applicants have to be independent European production companies
  • Rule on the maximum licence period is a strong safeguard
  • Award criteria

• pre-financing rate increased from 60% to 70%
Main changes in Calls

- Check of European ownership and independence only at GAP stage
  - Why: reduction of workload -> speeding up selection
  - Some applications entering GAP may be declared ineligible at that stage only
  - No check will be done on applications not reaching the funding threshold -> may come back next Call and only find out then that they are ineligible if invited to GAP
Main changes in application documents

- Part B made lighter:
  - 1.3: Removed *If applicable, explain how the co-production increases the cooperation between countries from different market sizes.*
  - 2.1: No longer needed to describe the strength and distinctiveness of the project in terms of topic, creative approach and creative value. Experts will evaluate based on the creative dossier
  - 2.2: merged with 2.3 in terms of transnational appeal

- Part C replaced by Key Performance Indicator (KPI) collection tool
- Declaration on language of the submitted materials
- Detailed estimated budget updated
  - Possibility to add decimals
  - Clarification instructions

• **European**: established in one of the countries participating fully in the MEDIA strand
  
  • and owned directly or indirectly, wholly or by majority participation, by nationals from such countries
  
  • for publicly listed companies: location of the stock exchange determines the nationality

Eligible activities

• Confirmed involvement of min. 2 broadcasting (linear and non-linear) companies from 2 MEDIA countries
  • Licence period:
    • Pre-sale: max. 7 years
    • Co-production: max. 10 years
  • Co-production: only if
    • financial investment higher than average investment of other partners
    • involved in organisation and economic handling

Must be respected by ALL broadcasters
Frequent errors related to eligibility criteria

- **Not accepted** as binding LOC: Documents entitled ‘letter of commitment’ or ‘deal memo’ but where the text clearly only states an intent to acquire
  - « We confirm our (preliminary) interest … »
  - « We are interested in the possibility of acquiring … »
  - « The participation of XYZ in the project is subject to the approval of … »
  - « We reserve the right not to conclude …until we have screened and approved the final version »
  - « XYZ confirms their commitment to license the series, once the series has been fully financed, completed to a good technical standard … XYZ’s contribution to the financing is estimated at XXX EUR and is subject to … »
  - « we confirm that – subject to general approval and financial negotiation – the ABC is interested in developing and co-producing … »
  - « this letter of interest may in no way be considered to be a contract for the anticipated acquisition of rights … »

It is the **content** of the document that counts, NOT the title
Frequent errors related to eligibility criteria

- Also **not accepted** as signed binding LOC:
  - E-mails
  - Letters with an expiration date that has passed
  - Letters without an amount
  - Letters that do not stipulate the duration of the exploitation rights

- These ‘potential’ sources of financing should **NOT** be mentioned in the Production Financing Structure, and documents should **NOT** be provided in the annex ‘Confirmed sources of financing …’ but **CAN** go in the annex ‘Letters of intent for distribution’

- **Accepted**: signed binding LOC with required elements **only** subject to signature of a full agreement

The better this is respected, the quicker the evaluation, the quicker the decision!
Frequent errors related to eligibility criteria

• **Maximum licence period for all broadcasters involved in the production**
  
  • Not accepted:
    
    • « XYZ shall have the option to relicense the contractual rights for further 10 years against payment of XXX EUR »
    
    • « XYZ shall own the exploitation rights exclusively for 5 years and non-exclusively for 7 years »
    
    • «the exploitation rights are granted for an indefinite period »
    
    • «the linear broadcasting rights will be acquired for 5 years as a minimum » (without stating the maximum)
Eligible activities

• Min. 40% of financing guaranteed from third party sources:
  • Supported by signed **binding** LOC, mentioning:
    • amount of financial contribution
    • nature of the rights sold
    • licence period
  • Broadcasters, distributors, funds and equity investors
  • Tax shelter: accepted if confirmed by supporting documents from the competent bodies
  • **NOT:** producer’s and co-producers’ own investment
  • **NOT:** MEDIA grant

If any aspect is missing → removed from financing plan
Eligible activities

• Co-production with other production companies: contract or deal-memo required, indicating:
  • share of financing
  • share of rights
  • share of costs
  • share of revenues

• Min. 50% of total estimated financing must come from MEDIA countries

If any aspect is missing → removed from financing plan
Ineligible activities

- Ineligible projects
  - Live recordings, TV games, talk shows, cooking shows, magazines, TV-shows, reality shows, educational, teaching and « how to » programmes
  - Documentaries promoting tourism, « making-of », reports, animal reportages, news programmes and « docu-soaps »
  - Projects including pornographic or racist material or advocating violence
  - Works of a promotional nature
  - Institutional productions to promote a specific organisation or its activities
  - Music videos and video-clips
  - Projects already financed by Eurimages
  - Productions originally intended as cinema works

• Customised lump sum: output-based lump sum established after applying a 20% co-financing rate to a verified and approved detailed budget

• Maximum EU grant:
  • Creative documentary: EUR 300 000
  • Animation: EUR 500 000
  • Drama: depends on eligible production budget
    • < 10M: EUR 500 000
    • 10M – 20M: EUR 1M
    • > 20M: EUR 2M
Financing

• Costs of partners and affiliated entities of coordinator/partners eligible. An affiliated entity is:
  • any legal entity that is
    • under the direct or indirect control of a participating beneficiary (daughter)
    • OR under the same direct or indirect control as the participating beneficiary (sister)
    • OR directly or indirectly controlling a participating beneficiary (mother)
  • Legal entity A controls legal entity B if:
    • A, directly or indirectly, holds more than 50% of the nominal value of the issued share capital or a majority of the vothing rights of the shareholders or associates of B, or
    • A, directly or indirectly, holds in fact or in law the decision-making powers in B
Financing

• Affiliated entities:
  • participate in the action with similar rights and obligations as beneficiaries, but do not sign the Grant Agreement (i.e. do not become beneficiaries themselves)
  • can get a part of the EU grant (via the coordinator) and must hence comply with the call conditions and be validated (must have a PIC)

How to apply?
How to apply

• Any application must consist of:
  • Part A: Administrative information (but also duration and max. EU grant)
  • Part B: ‘Technical’ description of the project (information that allows to assess the award criteria) + definition of work packages and deliverables
  • Part C has been replaced by a Key Performance Indicator (KPI) collection tool
  • PDF with information about film(s)/work(s) to be submitted for funding: to be generated via the MEDIA Database

  - Confirmed sources of financing and (if applicable) co-production contract(s) **ENSURE COHERENCE WITH PRODUCTION FINANCING STRUCTURE**
  - Letters of intent for distribution
  - Information on independence and ownership control *(mandatory template)*
How to apply

• Part B: A correct definition of work packages and deliverables are crucial elements in order to obtain the full EU grant

• Structure of work packages (mandatory):
  • WP 1: Project management and coordination
  • WP 2: Pre-production (only if applicable)
  • WP 3: Production
  • WP 4: Post-production, prints and delivery
  • WP 5: Communication and dissemination
How to apply

  - WP 5: Promotion material (trailer, poster, stills, etc.) **and** most recent royalty statement from sales agent
Common errors in applications

• **Acronym and short summary** (to be encoded when starting the application)
  - Acronym: helpful if it refers to the company/project (i.e. not TV2023 for example)
  - Short summary (abstract): must deal with objectives, activities, type and number of persons benefiting from the project, expected results, type and number of outputs to be produced. **Do not include confidential info.** The **synopsis** of the **project** goes in the **MEDIA Database**
Common errors in Part A

• Partners not or incorrectly encoded in Part A
  • Only COO encoded in Part A, whilst in budget and Part B a co-production partner is identified as co-beneficiary
  • Partner encoded as affiliated entity whilst it is not an AE of the COO or identified partners
  • Partner encoded in Part A but with 0 EUR budget (is it a co-beneficiary?)

Ensure coherence between Part A, Part B and estimated budget at all times!
Key actors in the application

- Coordinator (COO): main applicant
- Partner (PA): co-beneficiary of the grant
- Affiliated entity: entity linked to one of the applicants (COO or PA) and taking part in the action – to be encoded at the level of either the COO or the PA (the linked entity)
- Submission: only by main contact and other contact with full access right of the COO

For both COO and PA, a main contact (intermediary with our services) needs to be identified. Other contacts (either with full access or read-only access) can be added.
Common errors in Part A

• Budget (EU grant requested) incorrectly encoded in Part A
  • Entire production budget instead of EU grant requested
  • Different amounts than in the budget, either with same total (but different repartition) or with different total
  • Entire EU grant requested for COO, 0 EUR for PA
  • Zero(s) too many or too few (e.g. 10M instead of 1M)
Common errors in estimated budget

- Max. grant amount and max. co-financing rate incorrectly encoded in ‘Instructions’ sheets → incorrect calculation of the max. EU contribution in the ‘Proposal Budget’ sheet → incorrect requested EU grant !!!!
- Do not forget to break the type of employees down

For elements to be encoded in ‘Instructions’, check section 10 of the Call

Max. grant amount = EUR 300.000/500.000/1M/2M depending on the type of project

Max. co-financing rate = 20%
Common errors in estimated budget

- Encode partners correctly and apply changes!
- Encode work packages correctly and apply changes!

Common errors in estimated budget

Eligible costs:

1. Actually incurred by the beneficiary(-ies)
2. Incurred during the eligibility period of the action (not before, not after)
3. Declared under one of the eligible cost categories
4. Incurred in connection with the action and necessary for its implementation
5. Identifiable and verifiable (i.e. recorded in the beneficiary’s accounts)
6. Comply with national law on taxes, labour and social security
7. Be reasonable, justified and comply with the principle of sound financial management
Common errors in estimated budget

Ineligible costs – most relevant examples:
- Costs incurred before/after the eligibility period
- Costs for ineligible activities
- Costs declared under another EU grant: development costs in TVONLINE applications in case the project received development funding
- In-kind contributions: e.g. deferrals
- Financial support to third parties
- Costs for loans
- Deductible or refundable VAT
- Costs covered by the flat rate for indirect costs: office rent, electricity, telephone, postage, copies, internet, etc.
Common errors in estimated budget

Provide explanations on grouped costs in the ‘Any comments’ tab of the budget

Particularly important for:

- Subcontracting costs (must also correspond with info detailed in PART B)
- Equipment if not depreciated (if depreciated, detail to be provided in tab ‘Depreciation Costs’). Equipment **should** normally be depreciated
- Production costs and technical costs of prototyping
- Other
Common errors in estimated budget

- The **Max Total EU contribution** is calculated automatically. Please **make sure** that it corresponds to the budget in Part A.
Common errors in Part B

• Use the template!!! (goes for all mandatory templates)
• Do NOT put it in another format
• Do NOT add other types of documents such as CVs
• Do NOT leave mandatory sections blank (no info = 0)
• Provide information in the correct section
• Ensure that the info is coherent with the rest of the documents in the application
• Ensure that it is readable
Common errors in info on shareholding

- First encode all the applicant companies (i.e. not natural persons) in the ‘Instructions’ sheet, also affiliated entities (must respect eligibility conditions!)
- Encode the entire shareholding of the different companies and make sure that it is coherent!
  - If the shareholder is a company → Legal person
  - If the shareholder is an individual → Physical person
- Do not forget to encode the nationality, i.e. either country where the company is registered or nationality of the physical person
Common errors in info on shareholding

- Main activity: **only** to be filled in for legal persons, i.e. companies!
- If the shareholder is a legal person, provide the **full chain** of shareholding as requested, with **all the necessary elements** (nationality!), until the level of physical persons (or stock market) is reached.

If any of the listed shareholders is a legal person/company, please describe below the full chain of its own shareholders, including percentage of shares and nationalities. If the company is publicly listed, provide the location of the stock exchange.
Frequent errors in Production Financing Structure

ONLY INCLUDE CONFIRMED FINANCING, i.e. binding LOC or contracts that include ALL mandatory elements
Frequent errors in Production Financing Structure

• See explanation of rules in the eligibility section

• All sources of financing must be documented in the annex ‘Confirmed sources of financing and (if applicable) co-production contract(s)’ → Use the same order!

• If documents are non-binding/incomplete, the source of financing will be removed from the Production Financing Structure and the eligibility criteria (and later on the application) will be evaluated based on this revised version

The better applications are structured, the quicker the evaluation, the quicker the decision!
Frequent errors in applications - Other

• Do not forget to **encode the work(s) in the MEDIA Database** – may render the application ineligible

• Do not forget to **upload the PDF generated** from the MEDIA Database in the application

• Do not forget to complete Key Performance Indicator (KPI) collection tool (and detail the languages used in the application correctly)

If mandatory documents are not all there, the application can be considered **inadmissible**
Frequent errors in applications - Other

- Annex ‘Confirmed sources of financing and co-production contracts’ should be just that → ONLY confirmed, i.e. binding → a document per entry in the ‘Production Financing Structure’

- All other (i.e. no firm commitment) documents that relate to distribution go in ‘Letters of intent for distribution’

- Do not add documents that are not requested

- Submit on time!

The better applications are structured, the quicker the evaluation, the quicker the decision!
