European co-development

Towards re-inforcing the European added value of support to the development of individual projects
Background

• MEDIA to focus on **transnational cooperation**, where support from national programmes is limited

• European collaboration allows projects to **scale up** and to reach audiences across borders

Objectives – Funded activities

- Support the *cooperation* among European production companies that are developing works with a strong international audience potential

- Development of a *single* animation, creative documentary or fiction project with
  - high creative value and cultural diversity
  - wide cross-border exploitation potential
  - intended for commercial exploitation: cinema release, TV broadcasting or exploitation on digital platforms (or multi-platform)
Funded activities

- The project must be:
  - **co-developed** by min. 2 European independent audiovisual production companies

    • the distribution of roles and responsibilities within the project, including the division of tasks, the budget split, the administrative cooperation and risk management

Common errors in applications
Common errors in applications

• **Acronym and short summary** (to be encoded when starting the application)
  
  • **Acronym**: helpful to quickly connect to the project (please do not use « CODEV2024 » as acronym)
  
  • **Short summary** (abstract): it must deal with objectives, activities of the project, expected results, type and number of outputs to be produced. Do not include confidential info. The synopsis of the project goes in the MEDIA Database
Common errors in Part A

- **Partners not present or**

- **Partners incorrectly encoded**

Ex. Company « Xstudio » encoded as:

  - « Coordinator (COO) » in Part A, BUT in the Estimated budget and in Part B is a Partner (« PA »)
  - « Affiliated entity (AE) » of a Partner instead of « PA » and *vice-versa*.
  - « Partner (PA) » encoded in Part A, BUT with 0 EUR in the estimated budget *(is it a third party? or was the budget forgotten?)*

Ensure coherence between Part A, Part B and Estimated Budget at all times!
Key actors in the application: Part A

- **Coordinator (COO):** main applicant
- **Partner (PA):** co-beneficiary of the grant
- **Affiliated entity (AE):** entity linked to one of the applicants (COO or PA) and taking part in the action – to be encoded at the level of either the COO or the PA (the linked entity)

!!Submission: only by main contact and other contact with full access rights of the COO

For both COO and PA, a main contact (intermediary with our services) needs to be identified. Other contacts (either with full access or read-only access) can be added
Common errors in Part A

• Budget (EU grant requested) incorrectly encoded in Part A
  • Whole production budget instead of EU grant requested
  • Different amounts than in the budget, either with same total (but different repartition) or with different total
  • Entire EU grant requested for COO, 0 for PA
  • Zero(s) too much or too little (e.g. 600k instead of 60k)
First encode all the applicant **companies** (i.e. not natural persons) in the ‘Instructions’ sheet, also affiliated entities (must respect eligibility conditions!)

- Encode the entire shareholding of the different companies and make sure that it is coherent!
  - If the shareholder is a **company** ➔ Legal person
  - If the shareholder is an **individual** ➔ Physical person

- Encode the nationality, i.e. either country where the company is registered or nationality of the physical person

- **If the shareholder is a legal person**, provide the full chain of shareholding as requested, with all the necessary elements (nationality!), until the level of physical persons (or stock market) is reached.

Common errors in Estimated Budget

• Max. grant amount and max. co-financing rate: incorrectly encoded in « Instructions sheets »

For elements to be encoded in ‘Instructions’, check section 10 of the Call

Max. grant amount = N° of eligible partners (i.e. NOT affiliated entities) X 60.000 EUR (or X 100.000 EUR in case of TV series with production budget ≥ 20M EUR)

Max. co-financing rate = 70%

Good example with 2 beneficiaries
(60k *2=120k)=>
Co-funding %= 70%
Common errors in Estimated Budget

- Break down the type of employees in the “instructions sheet”

See good example filled in.

Please note that **one unit** corresponds to 1 working month.

**Mandatory**

Same Work packages in Part B

- same as in Part A
Common errors in Estimated Budget

### Budget: Category “Other costs” in A1 and C3

- If you use the cost Category A.1/Other or C.3/Other, you will need to provide an explanation in the tab “Any comments” of the estimated budget.
Common errors in Estimated Budget

Ineligible costs – most relevant examples:

- Costs incurred before/after the eligibility period (eligibility period is from the start until the end date of the project)
- Costs for ineligible activities (e.g. production phase related costs=> BUT Trailer and teaser eligible cost before Principal Photography)
- Unforeseen expenses (« imprévus »), « forfait » of a cost (we need actual costs calculation)
- Financial support to third parties, Gifts
- Costs for bank loans
- Deductible or refundable VAT

We are not paying twice the same cost: (1) Administrative Costs are covered by the flat rate for indirect costs: therefore, not eligible=> office rent, electricity, telephone, postage, copies, internet, etc. (2) Insurance linked to the general operation of the company falls under indirect costs as not directly attributable to the action.

For cost categories, consult the Annotated Grant Agreement: aga_en.pdf (europa.eu)
Common errors in Estimated Budget

In case you use the cost category **EQUIPMENT**, you need to use the “Depreciation costs sheet”.

- **Case 1**: If the beneficiary *buys/bought* equipment for the project, he needs to fill-out the sheet “Depreciation costs”.

- **Case 2**: If the equipment is related to the *rental* of equipment, the depreciation costs sheet does not need to be filled in. However, the coordinator needs to specify that the C.2 equipment costs is for a rental in the “Any comments sheet”.

=> Case 2 is the most common one in CODEV
Common errors in Part B

• To avoid errors:
  • Use templates in the Portal Submission System
  • Do NOT add other documents not requested (such as CVs); Do NOT leave mandatory sections blank (no info = 0)
  • Provide information in the correct section. Ensure that the info is coherent with the rest of the documents in the application
  • Check that the application is readable
Common errors in Part B

• To respect the list of work packages in Part B:
  
  • WP 1 – Project management and common activities
  
  • WP 2 – Project Coordinator development activities
  
  • WP 3 – Partner 1 development activities
  
  • WP 4 – Partner 2 development activities (if you have 2 Partners+1 COO in the consortium), etc.
Common errors in Part B

- To respect the **list of deliverables** in the Part B:
  - Further planning of co-development activities up to entry into production of the project => to put in WP1
  - Updated creative development (treatment, script, bible, episodes outline or others)
  - Update on research work undertaken and visual material
  - Update on key artistic crew/casting
  - Updated financing and production budgets and schedules
  - Updated distribution and marketing strategies
  - Interoperable standard identifier and link to the final work, if produced

1) At least **one** Del. per WP.
2) Same Del. can be repeated in the WPs
3) Respect the “**TITLES**”
Common errors in Part B

- **Participant /Name** => the name of the company not of the person

- **Role**: COO (coordinator), BEN (partner), AE (affiliated entity), AP (associated partner), OTHER

- **ROLE OTHER** => Subcontracting YES

- In **WP1** you can have COO + Partners in the Tasks. BUT in **WP2** you have only the COO; in **WP3** only Partner 1, in WP4 only Partner 2, etc.
Common errors in application - Other

- Do not forget to **encode correctly** the previous work(s) in the MEDIA Database
- **Encode/Mention** the first day of principal photography of the project
- **Do not forget to fill in Part C and upload the language declaration**
- Do not forget to upload the **signed co-development agreement**, PDF generated from the MEDIA Database and all the other mandatory docs (see above list in slides How to apply)
- **Submit on time: 6 March 2024 (5pm Brussels time)**

If not all mandatory documents are there, the application can be considered **inadmissible**.

The better applications are structured, the quicker the evaluation, the quicker the decision!
